Admission Policy

Admission Philosophy

CHS believes the family, not just the child, applies to admission to CHS and that the whole school community, staff, teachers, parents and students are all stakeholders in the educational process.

CHS is an international school that has adopted the International Baccalaureate Diploma Programme (IBDP) for its senior school; the International Baccalaureate Middle Year Programme (IBMYP) for its middle school and the Cambridge Primary Programme (CP) for its primary school. CHS seeks to recruit and retain students that will benefit from and thrive in the three programmes provided.

The school focuses on students living up to their fullest potential by becoming life-long learners who will grow up to be productive and active members of their local community, as well as global citizens of the world. Student well-being is an integral part of CHS's ecosystem, as it plays a significant role in creating caring and well-balanced individuals capable of embracing and creating change in an ever evolving world.

Our admission policy aligns with our students' needs and the programmes designed to provide students with an inclusive, rigorous and challenging education that prepares them for future success and excellence.

CHS strives to provide an inclusive and welcoming environment to all its students. The school provides support to students with a variety of learner profiles, backgrounds and those coming from different learning environments. Nevertheless, the programmes provided at CHS expect a high level of motivation and dedication from its students.

Ultimately, students are being prepared to become well-rounded life-long learners in an inquiry-based environment, who will grow up to be effective contributors to their community and responsible goal-driven global citizens.

Admission policy purpose

The purpose of an admission policy is to guarantee transparency between the school and prospective families about the programmes taught at CHS, as well as its requirement, rules and regulations. The admission process works to foster a relationship between the school and families based on trust and support to ensure that all stakeholders involved are all on the same page in the educational process.

Application Procedure

The admission department works diligently to recruit, enroll and retain students from Pre-K through grade 12, while clearly reiterating CHS's vision and mission to current and prospective families. In addition to the school requirements, CHS also adheres to the Ministry of Education rules and regulations for admission.

Role of the Admission Department

- The admission department's initial repertoire provides families with a comprehensive understanding on the school's programmes and is available for any further inquiries.
- Afterwards, families are given a tour of the school and facilities, in order to familiarize themselves further with what the school provides.
- All prospective families are encouraged to apply early, while current members are requested to fill in forms of re-enrolment before the end of the academic year to guarantee placements for their child(ren), as well as fulfilling their financial obligations to be in good standing with the school.
- Upon meeting with the admission department and receiving an initial consideration, prospective students are required to sit for entrance exams in English, Arabic, Mathematics and Physics to make sure the student and the school are a good fit to meet the necessary learning needs.
- Three working days after successfully completing the required entrance exams, interviews are set up between the families and the administration.
- Notification of a student's acceptance or denial is given to the parents at the end of three working days.

Role of Department Heads, Inclusion and Stage Coordinators and School Principal

- Heads of Departments are required to correct, review and discuss the entrance exam results with the admission department, stage coordinators, inclusion coordinator and school principal.
- Prospective students are expected to sit for an interview within three days of successfully completing the entrance exams with selected heads of department, stage coordinators, inclusion coordinator and school principal.
- During the interview, families are expected to disclose any medical or psychological (mental/emotional) challenges their child may have to ensure that the school is a good fit for the child's needs and to that it is well equipped to provide the proper support for the student.

Cambridge High School

- During this interview, families are encouraged to ask questions or voice concerns with regards to the curriculum, programmes or any other issues that need to be addressed.
- The interview serves as an opportunity for the school and families to clearly communicate both sides' expectations.

Role of Parents

- Parents are required to complete an application form, applicant questionnaire, parent questionnaire, medical questionnaire and supply a photocopy of applicant's passport.
- In addition, all prospective local students are required to submit Ministry of Education academic records and transfer letters from previous schools attended.
- Prospective students coming from another country, must provide their latest academic records certified by the Ministry of Education or Ministry of Foreign Affairs in the country of origin, and the Jordanian Embassy or Cultural Attaché in the country of origin.
- Parents are discouraged from withholding or obscuring relevant key information. In the event that this may occur, the school reserves the right to refuse admission or withdraw an acceptance.
- During the interview with the inclusion coordinator and prior to admission, parents must inform the school of any medical or psychological (mental/emotional) challenges their child may have to ensure that the school is a good fit for the child's needs. All IEP, psychological, speech and language reports must be provided to the school.

Conditions for Admission

By going through the application and admission process, this implies the family's acceptance of the school's mission, vision, rules and regulations. Nevertheless, a final decision is made by the Admission Committee upon the review of the follow:

- English and Arabic Language proficiency for the upper grades and the IBDP, as English is the main language of instruction, while Arabic is a mandatory subject requirement for graduation by the Ministry of Education.
- Entrance exam results and performance
- Academic, disciplinary, behavioural and medical records
- Learning support and inclusive arrangements needs, since the school is not fully equipped to deal with severe cases of learning difficulties
- Academic honesty is expected to be adhered to in all stages of the school and any form of malpractice is not accepted at CHS
- Remaining in good standing with regard to financial obligations towards the school
- For the IBDP, subject selection is based on grade 10 report cards and teachers' feedback. A set grade criteria is enforced during the selection as follows:

Category	Overall Average	Sciences Average	Mathematics Average	Languages Average	I & S Average
Diploma Science	80% and above	80%	Math AA HL 90% Math AA SL 80% Math AI SL 70%-99%	70% and above	
Course Science	78% and above	75%	Math AA HL 90% Math AA SL 78% Math AI SL 70%-99%		
Diploma Art	75% and above			70% and above	70% and above
Course Art	74% and below				

- Adjustments in subjects may be considered during the first two weeks of grade 11 and discussed with the IBDP coordinator and subject teachers. However, final approval is given upon the discretion of the IBDP coordinator.
- Space availability at school
- Conditional acceptance may be given if the student is having difficulty in reaching CHS admission criteria. Such a case is reliant on the family and student agreeing to engage in additional support; such as, counseling and learning mentoring. Any such decision are to remain strictly confidential.
- Students with chronic or extreme physical or medical needs that the school is not equipped to deal with, will unfortunately not be admitted.
